

When Mum is busy.

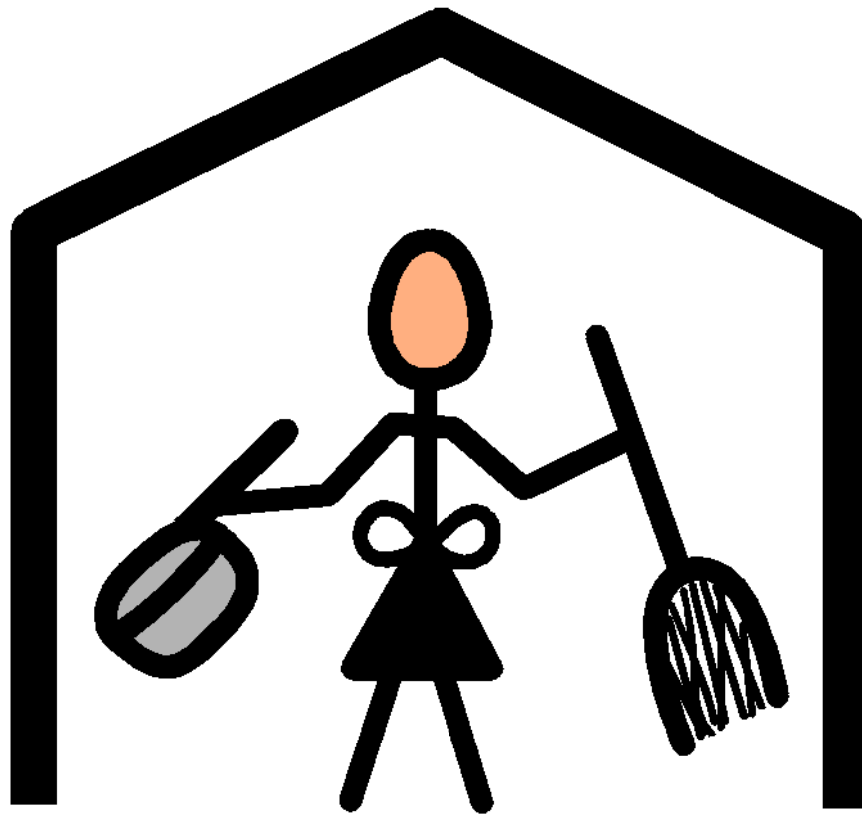

When I am at home with Mum, we have fun together. We can have fun reading a book.

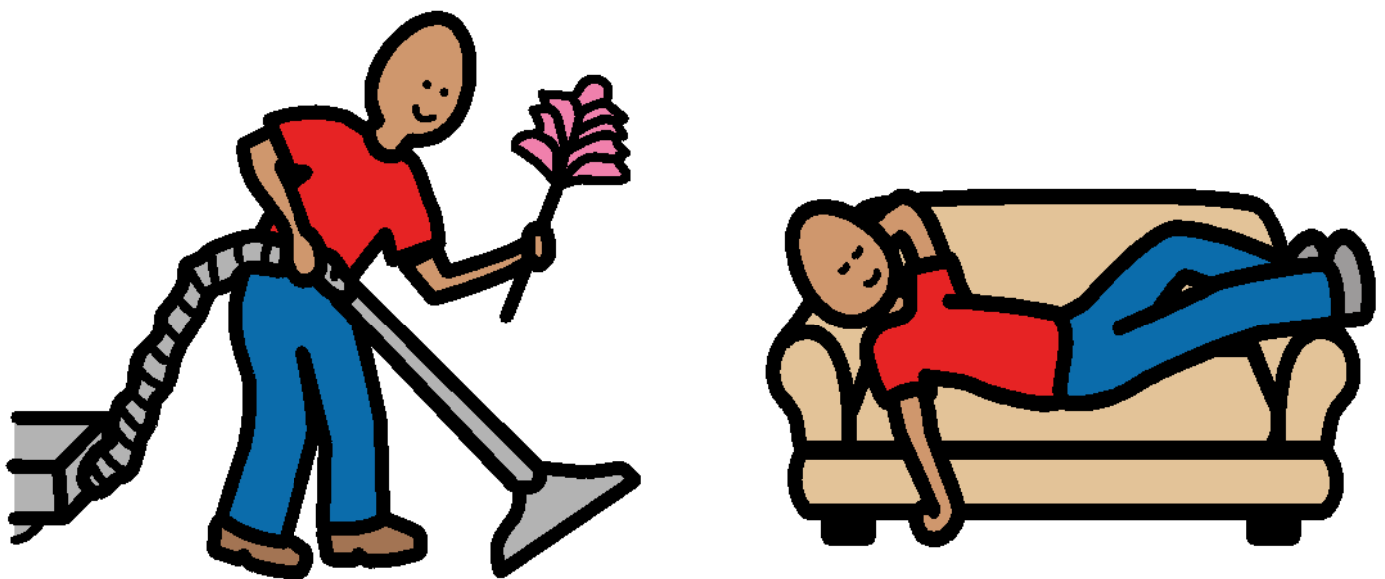

I like to be at home with my Mum.

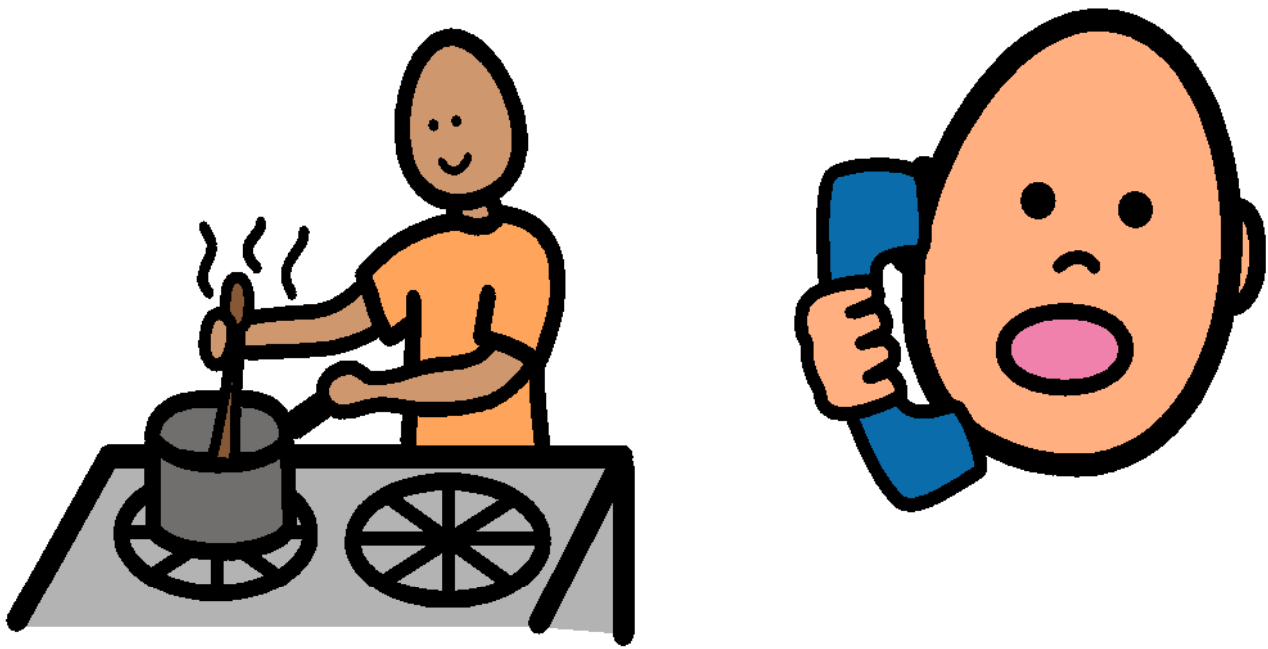

We can make a cake, or play a game.

Sometimes Mum needs to do busy things around the house.

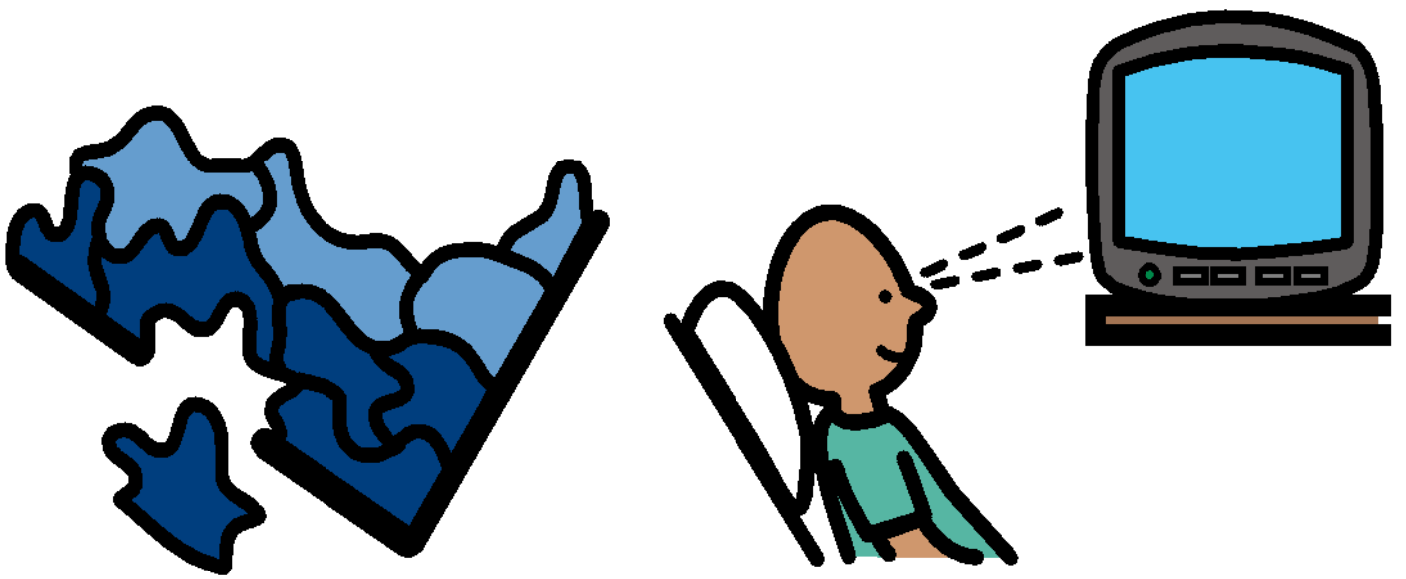

She might need to clean the house or have a rest.

She might need to cook dinner or talk on the phone.

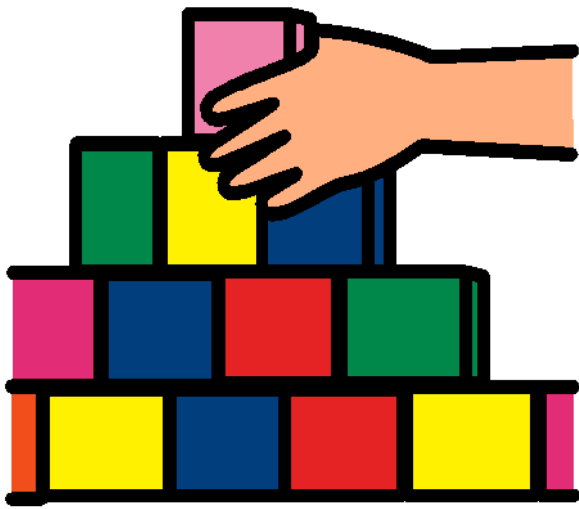

When Mum is busy, I need to play by myself.

I can do a puzzle, or watch a DVD.

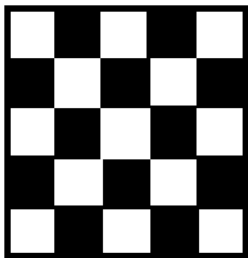

It is not ok to scream or throw things or ask Mum lots of questions when she is busy.

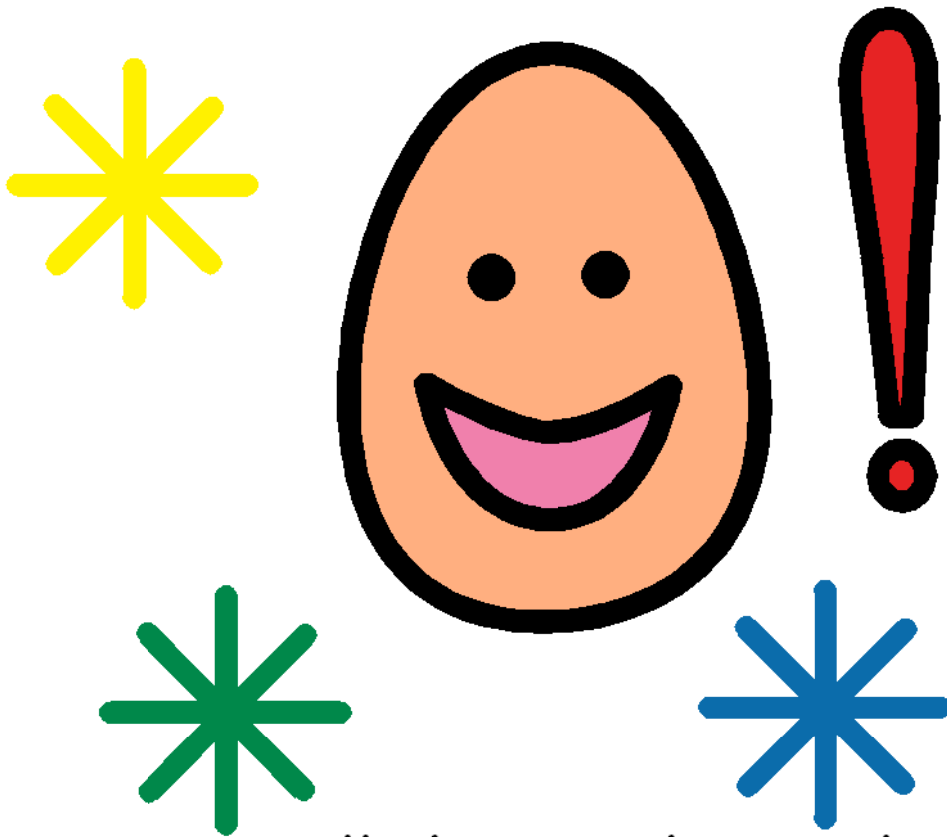

I can build with blocks or play with my dolls.
